Aquatic Control Inc. is a privately owned lake and pond management company with a main office in south central Indiana and satellite offices in Valparaiso, Indiana, Evansville, Indiana, St. Louis, Missouri and Elizabethtown, Kentucky. Aquatic Control has been in the lake and pond management business for over 45 years. Our staff consists of fisheries biologists and technicians with a combined 125+ years of experience in aquatic vegetation management, fisheries management, product sales, and aquatic ecosystem management. We are hiring two full-time entry-level aquatic biologists that will be stationed at our Seymour, IN and Elizabethtown, KY offices.

Duties to include the following:
- EPA registered aquatic herbicide and algaecide application
- Installation and maintenance of aerators, fountains, and compressed air systems
- Fish management surveys
- Data entry and management
- Aquatic plant surveys
- Assisting with and writing vegetation management plans
- Assisting with fish survey reports
- General maintenance of trucks, boats, equipment, and grounds
- Speaking at pond clinics, trade shows, conferences, and public meetings

Minimum Requirements:
- Bachelor’s degree in fisheries science or a natural resources related field
- Experience with aquatic vegetation identification
- GPS and GIS experience
- Basic mechanical ability (experience in outboard motor operation is a plus)
- Ability to work in an outdoor environment (physical labor required)
- Ability to work an average of 50 hours per week during busy season

Application Deadline is Feb. 20, 2014
